FY 2017 Net Sales increased 1.4% on a comparative basis ("Organic Growth"), supported by Q4 results. Earnings Per Share Group Share increased 16.5% to 6.20 euros. Normalized EPS Group Share was 6.28 euros. The payment of a 3.45 euro ordinary dividend<sup>3</sup> per share will be proposed to the shareholders.

**Bruno Bich, Chairman and Chief Executive Officer, said:** *"We finished 2017 with good Q4 Net Sales in all categories and across all regions. Europe's performance continued to be solid and North America's Net Sales bounced back in Lighters and stabilized in Shavers. Developing markets growth was driven by the Middle-East, Africa and India.*

*2017 was a challenging year, characterized by unprecedented levels of volatility. Our markets are changing rapidly in an increasingly competitive environment. Empowered by new technologies, consumers are more than ever looking for convenience and product customization. As a long-term oriented company, we remain focused on our long-term growth potential while managing short-term headwinds."*

### **2018 Outlook**

We expect 2018 Group Net Sales to increase between +1 and +3% on a comparative basis, with all categories contributing to the growth. Major factors affecting sales performance could include continued competitive pressures in Shaver, further inventory reductions from retailers, and continued softness in the Brazilian economy.

Gross Profit will be impacted by an increase in raw material costs, higher depreciation, while we will continue to invest in targeted Brand Support and Operating Expenses.

2018 Normalized Income from Operations will also be impacted by sales performance. Based on these factors we expect Normalized Income from Operations margin to be between 17% and 18%.

A conference call hosted by Bruno Bich (Chairman and CEO), Gonzalve Bich (COO) and Jim DiPietro (CFO) is scheduled today at 06.30 pm (18h30) Paris time. Dial numbers:

**STATIONERY**

---

**Full Year 2017**

**Stationery full-year 2017 Net Sales increased by 1.5% (up 3.4% on a comparative basis). Full year 2017 volumes grew by 2.4%.**

**Developed Markets**

- Net Sales grew mid-single digit in **Europe**, fueled by a good Back-to-School season in both Western and Eastern Europe, the success of new products (the BIC® Gelocity Illusion erasable pen, BIC® 4-color 3+1 pen and the BIC® Intensity Writing felt pen) and targeted Brand Support, notably on the 4 Colors and BIC® Kids ranges.
- In a slightly declining market, **North America's** Net Sales were slightly up, driven by a strong Back-to-School season. Key growth drivers included successful new added-value product launches including BIC® Gelocity® Quick Dry gel and the BIC® Velocity® Max Mechanical Pencil.

**Developing Markets** posted low-single digit growth.

- In **Latin America**, Net Sales increased low-single digit. We continued to support our growth across the region with impactful advertising campaigns, notably in the ball pen segment. During the Back-to-School season, we gained market share in Mexico across the entire range, thanks mostly to our core products.
- The **Middle-East and Africa region** delivered solid growth along with an outstanding performance in South Africa thanks to strong in-store visibility.
- In **India**, Cello Pens' Domestic Net Sales increased high-single digit driven by the increased focus on Champion brands (especially Butterflow™), New Product launches (Gel Tech range) and continued development of our visibility strategy ("Cello® seen, Cello® sold").

**Full Year 2017 Stationery normalized IFO margin was 8.4%** compared to 9.0% in 2016 (9.4% excluding the impact of the special employee bonus) due to higher brand support investment.

**Fourth Quarter 2017**

**Fourth quarter 2017 Net Sales were up 4.6% on a comparative basis, fueled by a strong performance in Europe.** In North America, Net Sales slightly increased with positive momentum across multiple trade channels, especially eCommerce. In Developing Markets, the combined solid performance of the Middle-East and Africa (strong Back-to-School sell-in in South Africa) and Cello's domestic sales, more than offset softness in Latin American markets. Brazilian sales were flat as Back-to-School sell-in was affected by continuous customer inventory reductions.

**Q4 2017 Normalized IFO margin was 6.6%** compared to 5.8% in Q4 2016 as a result of lower cost of production and operating expenses partly offset by increase in brand support.

**LIGHTERS**

---

**Full Year 2017**

**Full-year 2017 Net Sales of Lighters grew by 1.1% (up 2.2% on a comparative basis). Full year 2017 volumes were up by 0.8%.**

**Developed Markets**

- In **Europe**, Net Sales increased mid-single digit, driven by both Western Europe and Eastern Europe (distribution gains).
- In **North America**, 2017 Net Sales grew low single digit in a slightly growing market. We continued to gain market share as a result of the constant development of our added value sleeve designs, increased distribution depth, and continuing consumer trust in our leading standards of product safety and quality.

## Developing Markets

Full-year 2017 Net Sales declined slightly. Latin America posted low-single digit growth driven by distribution gains in Mexico and despite customer inventory reductions in Brazil.

**Full-year 2017 Normalized IFO margin for Lighters was 39.5%** compared to 39.8% in 2016 (40.2% excluding the impact of the special employee bonus) due to lower Gross Profit, lower brand support and higher operating expenses.

### Fourth Quarter 2017

**Fourth quarter 2017 Net Sales were up 8.2% on a comparative basis.** Following a weak Q3 affected by several customers reducing their inventories, Sales regained momentum in North America. Developing Markets' performance was driven by Latin America.

**Q4 2017 Normalized IFO margin was 38.2%** compared to 39.1% in Q4 2016.

## SHAVERS

---

### Full Year 2017

**Full-year 2017 Net Sales of Shavers decreased by 2.7% (down 2.2% on a constant currency basis). Full-year 2017 volumes were up by 3.0%.**

### Developed Markets

- **Europe's** Net sales increased high-single digit, driven by Eastern Europe's performance (success of the BIC® Flex 3 Hybrid and Miss Soleil shavers). Available in France since March 2017 and in the UK since November 2017, the BIC® Shave Club (i.e., BIC's online subscription offer for refillable shavers) performed well, supported by high levels of customer loyalty.
- **In North America,** Net Sales declined double-digit. At the end of December 2017<sup>8</sup>, the total U.S. Wet Shave market decreased by 8.2%. With a 3.2% decline, the one-piece segment continued to be heavily disrupted with increased competitive activity, unprecedented levels of promotion, pricing pressure from major competitors and increased activity from Private labels. BIC's year-end one-piece segment market share was 26.7%<sup>8</sup>, declining by 1.3 points when compared to December 2016. Following the BIC® Flex 5 Hybrid launch, we continued to gain market share in the high added-value one-piece 5-blade segment and consolidated our n°1 position with a 36.8% share of the Men's 5 blade one-piece market segment (up 8.7 points compared to last year).

### Developing Markets

FY 2017 Net Sales increased mid-single-digit.

- Despite increased competitive pressure in Mexico and Brazil, **Latin America** delivered mid-single-digit growth, supported by an enlarged distribution network across the whole region.
- In the **Middle-East and Africa,** Net Sales grew high-single digit, benefiting from the success of our single-blade and twin-blade products.

**Full-year 2017 Normalized IFO margin for Shavers was 13.3%** compared to 14.9% in 2016 (15.4% excluding the impact of the special employee bonus) due to the decline of North American Net Sales and higher operating costs.

### Fourth Quarter 2017

**Fourth quarter 2017 Net Sales were up 4.8% on a constant currency basis,** driven by continuous positive momentum in Europe and developing markets. In the U.S., the total wet shave market showed a slight improvement, with the one-piece segment down by 1.3% (last 13 weeks of 2017). Q4 2017 North America Net Sales were stable, driven by more efficient promotional activities and advance shipments for the launch of BIC® Soleil® Balance, our new women's one-piece shaver offering BIC's best 5-blade technology surrounded by moisture bars at an affordable price.

**Q4 2017 Normalized IFO margin was 12.8%** compared to 15.5% in Q4 2016.

## OTHER PRODUCTS

---

**Full-year 2017 Net Sales of Other Products decreased by 14.5% (down 5.5% on a comparative basis). Fourth quarter 2017 Net Sales were down 26.3% (down 0.6% on a comparative basis).**

BIC Sport registered a mid-single digit decline in its full-year Net Sales on a constant currency basis notably due to an increasingly competitive environment in the U.S.

**Full-year 2017 Normalized IFO for Other Products was a negative 4.4 million euros**, compared to a negative 7.8 million euros in 2016. **Q4 2017 Normalized IFO** for Other Products was a negative 0.4 million euros, compared to a negative 3.9 million euros in Q4 2016.

**BIC GRAPHIC**

Following the Asset and Share Purchase Agreement signed on June 6, 2017, BIC Graphic North America and Asian Sourcing operations were sold to H.I.G. Capital on June 30, 2017.

Assets and Liabilities of BIC Graphic North America and Asian Sourcing have been accounted for in “Non-Current Assets Held For Sale” and “Discontinued Operations” since 31 December 2016, in accordance with IFRS 5<sup>9</sup>.

**BIC TO INVEST APPROXIMATELY 28 MILLION EUROS IN A NEW WRITING INSTRUMENTS FACILITY IN INDIA**

BIC’s Indian subsidiary BIC Cello (India), has acquired land and building for the construction of a new writing instrument facility in Vapi (Gujarat state).

Total investment in this project is estimated at around 28 million euros (i.e. INR 210 crore) through December 2018 including the purchase of land and building for approximately 18 million euros in 2017. This investment will enhance the Group’s manufacturing footprint in India and enable it to meet consumer demand more effectively in this rapidly-growing market. This new facility is expected to be operational by the end of 2018.

**DEVELOPING MARKETS’ ORGANIZATION**

In order to drive commercial synergies and strengthen our business within the Asian markets, notably in China, we reorganized our operations in Asia Pacific and closed our Singapore office. In Latin America, BIC direct operations in Nicaragua were closed.
